MID-SEMESTER ASSIGNMENT: SUPPLEMENTAL MATERIAL
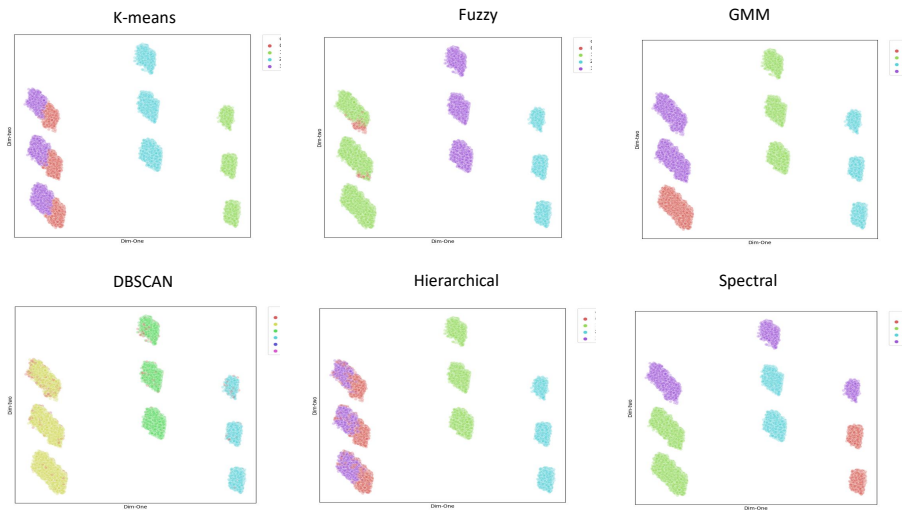

Akiva Bruno Melka
332629393

Figure 1: Diabetes. PCA representations of the clustering with 4 clusters for the different algorithms.

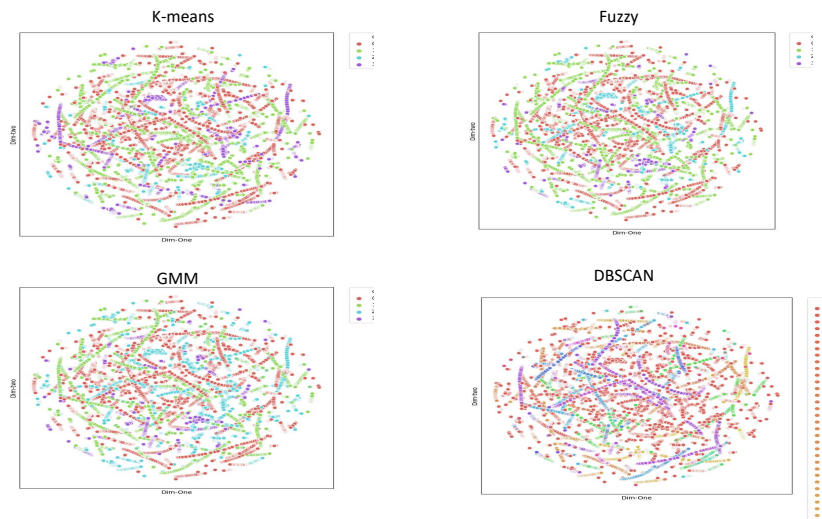

Figure 2: Clothing shopping. PCA representations of the clustering with 3 clusters for the different algorithms.
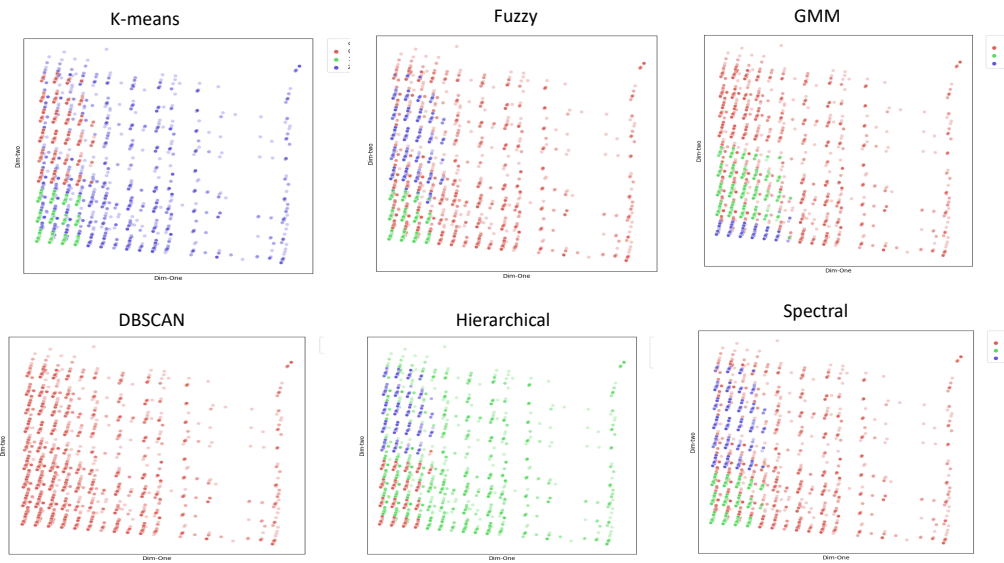

Figure 3: Online shopper intention. PCA representations of the clustering with 3 clusters for the different algorithms.

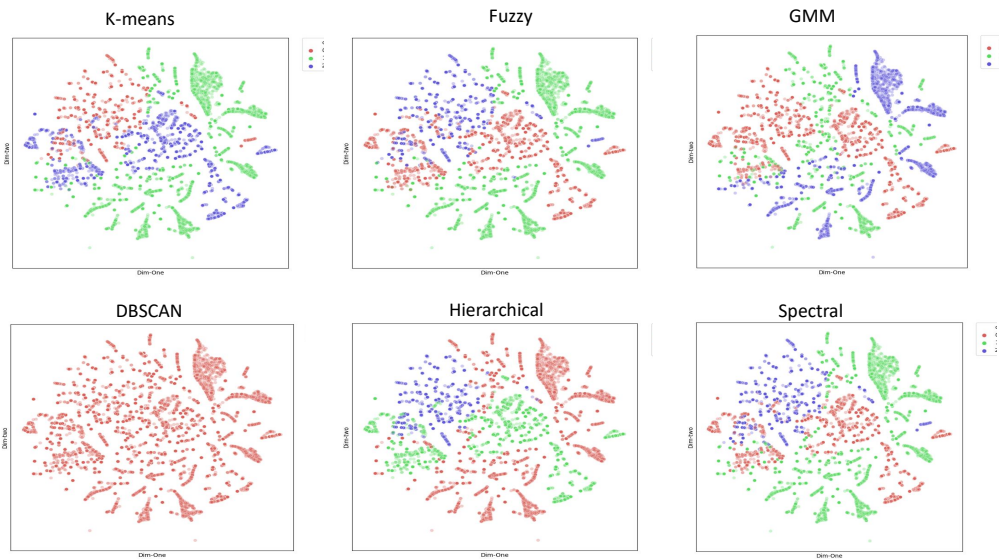

Figure 4: Online shopper intention. t-SNE representations of the clustering with 3 clusters for the different algorithms.
